

ADVANCED WRECK DIVER

(Master Wreck Diver, Profi Wracktaucher)

Intention of this course

After many years of wreck diving experience, and after the termination of some special courses, the experienced wreck specialist has the chance to prove his experience within a workshop together with similar experienced divers, and other professionals in this diving range.

This course is exclusively determined to professionals in their speciality range. The term “Advanced” is used for this degree of high experience. The certification is thought to be a kind of membership card for elite.

Instruction by ProTec Advanced Wreck Instructor.

Prerequisites

- The minimum age is 21 years and more than 100 completed, ambitious wreck dives.
- ProTec Tec Wreck Diver certification as well as 3 Speciality courses (for example; wreck measurement, climbing, to determine and restore found pieces, UW – weld, UW wreck photo & video....).

Theoretical lessons

- Discussion rounds with exchange of experience
- Analysis of problematic situations and problem solution.
- New techniques and products.
- Diving scenes and diving areas, logistic, training, projects financing, legal and insurance - technical questions.

Practical Training

In fact none, some interesting and ambitious wreck dives should be done together according to the situation in order to represent the experienced conditions in the practice too.

INSTRUCTOR MANUAL DIVING PROGRAM

Complete own wreck equipment would be prerequisites.
